CORPORATE SOLUTIONS

At CitationAir, wholly owned by Cessna Aircraft Company, we provide solutions for corporations looking to reduce capital expenditures and operating costs while still meeting the needs of their executives. One of these solutions is our Supplemental Lift program, which gives you access to our entire fleet of Cessna Citation aircraft without the financial commitment required by traditional programs. Enjoy the ability to pay as you fly.

Working hand-in-hand with your company and its flight department, this program can help support your fleet of aircraft and create customized, flexible solutions for your business needs. Enjoy guaranteed access to the entire CitationAir fleet of aircraft when and where you need them, with no long-term commitment and no capital costs. The program includes competitive, one-way pricing, with discounted rates that are significantly less than CitationAir's Jet Card list prices.
